

## CALVADOS MORIN SÉLECTION

Normandy is the land of apples, and of course, cider. Distill the local cider and you have the beginnings of Calvados, an apple brandy that knows no peer. Morin make one of the very best. The Selection is a blend of 2 to 3 year old apple brandies. On the palate it is fruity but smooth and dry with a touch of wood and a subtle nuttiness. It works beautifully as an aperitif, a digestif, and of course, as a 'trou normand', the traditional break for calvados in the middle of a rich Norman meal.

## CALVADOS MORIN V.S.O.P.

Calvados is simply the best apple brandy in the world. And Morin make some of the very best. It is distilled from cider from the rich orchards of Normandy. The VSOP is a blend of brandies aged in cool dark cellars for 4-6 years in Limousin oak casks. It's a richly fruity spirit, but with lovely floral notes mingling with hints of vanilla and almond. While it's usually enjoyed after a meal, it's started appearing in quite a few cocktails, from an Old Fashioned to a Calvados and ginger beer. Try it mulled!

## CALVADOS MORIN 15 YEAR OLD HORS D'AGE

When you take the finest cider apples in the world and carefully distill them into the best apple brandy in the world there's only way to make it better. Time. Morin give this beauty a minimum of 15 years in 300 liter Limousin oak casks in their cool, dark cellars. Though a considerable portion is lost to evaporation (the angels' share) the result more than justifies the cost. The distinct apple notes meld beautifully with complex wood and rancio notes. Memorable.

## CALVADOS MORIN 25 YEAR OLD NAPOLEON

Calvados is the best apple brandy in the world, and we think Morin's 25 year old is the best of the best. It all starts with many dozens of apple varieties, each one bringing a different nuance to the base cider. Then the careful distillation and capture of the 'heart' of each run. Finally the brandy is aged in Limousin oak in cool dark Norman cellars. Not for a year or two, but for a full quarter century! The result is sublime. Still boasting apples on the nose, its rich rancio and nutty notes rival the finest cognac.
