

## Guidobono

### Barolo 'Le Coste di Monforte'

Le Coste is one of the most storied 'crus' in Monforte, a vineyard where Giacomo Conterno used to produce his famous 'Monfortino'. Guidobono's wines do justice to this lofty soil: rich, concentrated, made for long ageing. It might seem odd to talk of value in an appellation like Barolo, but these wines rival their neighbours at a fraction of the price. Count us among Guidobono's biggest fans!
